

ELK DELEGATION CALLS ON HARDING

Curtain-Raiser Staged to Front Porch Campaign. Senator Proud to Be an Elk.

Marion, Ohio, July 26.—A delegation of Elks from Findlay, Ohio, appeared today at Senator Harding's lawn today and with the help of the republican presidential nominee and a brass band staged a curtain raiser to the front porch campaign.

The senator's role consisted of a great deal of handshaking and a short talk in which he paid tribute to the war work of the fraternity and harked back to his boyhood when the Marion band, of which he was a member—went over to Findlay for a prize competition.

"We copied off the prize," he said, "and we came home almost as proud as we were when we heard

the result of the Chicago convention." About a hundred were in the delegation which motored to Marion and then marched on the Harding lawn to the head of the column. They were led by Representative R. Clint Cole, who asked Senator Harding to go to Findlay for a homecoming party early in August. Senator Harding replied he would at least "drop in and say howdy" if his engagements permitted.

"I'm very proud to be an Elk," said Senator Harding, "and I feel that the Elks of the United States have made a record for patriotism and service that will remain imperishable as long as the memory of the great war endures."

Politics was not touched in the talk nor did the candidate make any further public statement during the day in his league of nations fight.

His friends are counting on his speech of acceptance Thursday to develop the next step of his campaign strategy against the foreign commitments of President Wilson.

Most of the day the senator worked in accumulated correspondence, but he heard reports of political conditions in the east and west from the war work of the fraternity and harked back to his boyhood when the Marion band, of which he was a member—went over to Findlay for a prize competition.

Mr. Willis pronounced the New York situation "very, very encouraging" and Mr. Darden declared

he was absolutely certain the republican ticket would carry every state of the far west. Findlayites arrived just as workmen were laying a carpet of crushed limestone on the Harding lawn in anticipation of hard usage by the marching clubs which are to come to Marion during the campaign. By their unannounced visit they stole from the people of Mansfield, Ohio, the distinction of being the first group of political pilgrims to be received by Senator Harding. A Mansfield delegation is to come on July 31 and their visit is the first on the official program of the front porch campaign.

Harding headquarters were informed today that about two thousand would come from Mansfield and that they would arrive by airplane, motor and rail. G. W. Henry will be the air pilot of the delegation and will show Marion with Harding and Coolidge literature.

Damages Awarded As Result of Poisoning Caused by Antitoxin

Macon, Ga., July 26.—(Special.)—Verdicts aggregating \$2,100, in addition to several hundred dollars attorneys fees, have been returned here against the H. K. Mulford Company of Philadelphia, as the result of defective antitoxin, which was sold by that concern to the Macon health department and administered to a number of Macon people as a preventative against diphtheria.

Charles Preston Leverett, son of C. C. Leverett, a city fireman, has been awarded \$1,000, and a similar verdict was found for John Cohen Smith, son of T. J. Smith. A \$100 verdict was awarded C. D. Alexander, Jr.

After the antitoxin had been administered, it was found that it was poison to the victims, of whom there were several, suffered severely. In the case of young Leverett, the boy came near losing his arm.

Several other suits of a similar nature to those in which damages have already been awarded are said to be pending. The Philadelphia concern has been fighting the cases, but has devoted its efforts to arranging the best settlements possible.

TROOPS ARE RELIEVED FROM MEMPHIS DUTY

Memphis, Tenn., July 26.—The four companies of the Tennessee national guard placed on duty here as the result of the resignation of the members of the fire fighters' union of the fire department, entrained late today for the state encampment at Knoxville.

Though the city commission held its regular session today, no committee from the trades and labor council appeared before the body, as had been expected. A meeting of the labor union officials had been called for later in the week, however, it was announced after the meeting last night of the same officials.

New 'Blue Laws' Offered in Bills In State Senate

Now Comes Senator Wilkinson With Measures to Drap Limbs of Water Nymphs, and to Blast 'Love's Young Dream.'

Men and women will not be allowed to bathe together at any resort in the state, public or private, if a bill introduced in the senate Tuesday by Senator Wilkinson, of the forty-ninth, passes.

Another measure of Senator Wilkinson's entitled the "character protection" bill, seeks to make it unlawful for any man to "keep company" with any girl in the state between the ages of 13 and 16 without the written consent of the girl's parents.

The bathing bill sets forth that all bathing resorts shall be divided in such a way as to provide one space for males to enter the water and one for females, the two being at least one hundred yards apart. And further that the bathing waters shall be divided by a line or rope and that the males shall stay on one side of this rope and the females on the other. A male life guard is to be provided for the men and a female life saver for the women.

Shocked by Bathing Suits. That the senator has evidently been shocked by some of the garments worn by bathers in the water was made manifest in the provision ordering the wearing of bathing suits which shall cover the entire body, from the armpits to the knees.

Section 6 states "all watching and spying shall be unlawful." A penalty is put on breaking the provisions of the bill of not less than \$500 nor more than \$5,000, or six months' imprisonment.

The "character protection" bill puts a penalty of from \$50 to \$1,000 on men "keeping company" with girls between the ages of 13 and 16 without first obtaining the written consent of the girl's parents. This consent may be withdrawn at any time.

A bill by Senator Allen of the thirty-fifth, was passed unanimously which will permit corporations to issue non-par value stock in the state. Senator Allen pointed out the fact that as Georgia laws at present prohibit the issuance of this type of stock, many large corporations have gone out of the state to obtain their charters and by-products from the state which is a taxable property. This measure is aimed to induce large corporations to secure their charters and locate their home offices in Georgia instead of Delaware or other states.

Boiler Inspection Killed. The measure requiring periodical inspection for all boilers in the state came up for passage but after a short debate the house opponents of the bill took the stand that it was unnecessary legislation and would create another board in the state, which would be an additional cost.

A bill by Senator Bowden of the fifth requiring all charitable institutions in the state to secure licenses from the board of public welfare was passed. The issuance of these licenses is left to the discretion of the welfare board.

The senate concurred in a joint resolution from the house, which provides for a joint session of the two bodies at 11 o'clock, July 28, to receive in the name of the state a flag to be presented by Atlanta's chapter, U. D. C.

A number of changes in the state banking act contained in a bill introduced by Senator Duncan of the thirty-sixth district were before the senate Tuesday, but action upon the measure was deferred until Thursday. The changes are approved by the Georgia bankers' association and by the State Superintendent of Banks T. H. Bennett, and are intended to correct defects in the banking law which was passed at the 1919 session.

BOOZE MANUFACTURE CAPTURED BY OFFICERS

Waycross, Ga., July 26.—(Special.) Activity on the part of the Appling county officers and prohibition agents has resulted in the capture of the most perfectly equipped still yet found in that county. Two other stills have been discovered and destroyed in three and a half miles of Baxley. While searching in the woods near Baxley, a party consisting of Prohibition Officer J. L. Sullivan, Marshal A. M. Overstreet, Sheriff A. H. Pullman, Prohibition Agents C. Rogers, of Eastman, and E. C. Reeves, of Dublin, ran across the big still concealed in a jungle

ELECT HUFF MAYOR

Announcement

The SOUTHERN STATES PHONOGRAPH COMPANY, Inc., has selected Atlanta as the logical distributing point for all the Southern States, and is establishing in the Capital City the first phonograph factory to be located south of the Mason and Dixon line.

The SOUTHERN STATES PHONOGRAPH CO., Inc., will manufacture in a plant to be the most modern in its equipment in the whole country, the well-known Emerson Records, "Talking" Books, Talking Animals, etc. (an entire novelty which play on any machine and tells their own stories to the children), the new Unbreakable Advertising Records which can be sent by ordinary mail without special packing, and "Symphonograph" Sheet music, a new publication of ordinary sheet music, with words, melody and piano accompaniment, but with the wonderful added advantage of containing a complete orchestral accompaniment by means of an unbreakable phonograph record, forming an integral part of the sheet music itself.

The SOUTHERN STATES PHONOGRAPH CO., Inc., will also distribute the new Emerson Phonograph. This machine, the Emerson crowning achievement, will be released to the public about September first, in a variety of upright and period models ranging in price from \$80 to \$1,000. This "Last Word" in talking machines embodies among its distinctive features two entire novelties, the MUSIC MASTER HORN, "the old-fashioned horn in a new-fashioned place," and the SONG-THRUSH TONE ARM, with a combination of improvements which renders this new phonograph far in advance of any other for beauty of tone, true resonance and fidelity of reproduction.

The SOUTHERN STATES PHONOGRAPH CO., Inc., has purchased the building and adjoining ground situated at 996 to 1004 Marietta street, with a present floor space of 89,490 square feet. The appraised value of the land and building is \$259,550, while the immediate outlay on factory, plant, machinery, etc., inclusive, will be \$385,000.

The SOUTHERN STATES PHONOGRAPH CO., Inc., purchased this property on May 6th, took possession of it on June 1st, and as an indication of the spirit in which this notable addition to Atlanta's industries is being pushed, it may be stated that the first carload of machinery was shipped on June 12th and arrived at the Company's siding on June 30th.

The SOUTHERN STATES PHONOGRAPH CO., Inc., will have a plant with an equipment, for its size, far in advance of any existing phonograph factory. It will be directed by some of the most experienced Production men in the business, while the directorate of the company contain men of the highest standing in the trade.

Victor H. Emerson, President, Emerson Phonograph Co.
Chairman of the Board.

Geo. W. Beadle, former Chief Consulting Engineer, Columbia Phonograph Co.
Consulting Engineer.

W. J. Dawson, former Supt. of Production of the Bridgeport Plants of the Columbia Phonograph Co.
Vice President in Charge of Production.

A. H. Carlisle, President, Talking Book Corporation of New York.
President of the Company.

Henry P. Scales, Atlanta, Ga.
Treasurer.

With a representative group of Atlanta business men, as local directors.

The machinery and equipment are being purchased and installed under the supervision of Robert W. Hunt & Co., of New York, Chicago, Birmingham, Ala.; London, Eng., etc., etc., the eminent firm of Inspection Engineers.

BAHNSEN CHARGES ARE MADE PUBLIC

Investigation Into Conduct of the Office of State Veterinarian Will Be Started This Afternoon.

The joint investigation committee from the house and senate to look into the record of State Veterinarian Peter F. Bahnson, met Tuesday afternoon for the purpose of completing the organization of the investigation body.

The committee constituted by the house and senate to hear the charges against Dr. Bahnson finished organization; provided for summoning witnesses and heard charges that have been filed against Dr. Bahnson.

A meeting will be held at 2 o'clock today to hear the opening testimony in the Bahnson case.

Charges Against Bahnson.
The charges against Dr. Bahnson are below:

Senate Chamber, State Capitol, State of Georgia.
Doctor Peter F. Bahnson, State Veterinarian, Atlanta, Ga.:
1. You are charged with using your personal funds in purchasing commercial serum and distributing same under the official state shipping labels, and making a profit on same, contrary to Section 2082 (G) of the code of Georgia.
2. You are charged with discriminating against the serum plant of the State Agricultural college at Athens, Ga., which was created for the benefit of instructions to the students of the state college of agriculture at Athens, and for the protection of the swine breeding industry of Georgia, by purchasing a change and possibly an inferior grade of commercial serum, which is contrary to Section 2082 (D) of the code of Georgia.
3. You are charged with rendering an expense account for a trip out of the state, possibly to Sioux City, Iowa, and other points, seeking information in your own behalf and not in the interest of the state. This particular expense account was from May 31, 1917, to June 23, 1917, and was dated June 23, amounting to \$131.84, which is contrary to Section 2082 (C) of the code of Georgia.
4. You are charged with retarding the progress of the live stock industry of Georgia by your conduct in office, and forcing some of the largest breeders of live stock in Georgia to abandon the live stock industry, which is contrary to Section 2082 (E) of the code of Georgia.

17, which is contrary to Section 2082 (E) of the code of Georgia.

Offense Is Charged.
5. You are charged with refusing to be examined, auditor, selected by J. J. Brown and approved by the governor, access to the records of the state in your office, thereby forcing him to submit his report before this audit was completed, which of course is contrary to the constitution of the state of Georgia. Article 1, Section 1, paragraph 1 of the constitution of the state of Georgia, which states that all government of right originates with the people, is founded upon their will only and is instituted solely for the good of the whole. Public officers are the trustees and servants of the people and at all times amenable to them.

6. You are charged with distributing cholera serum manufactured by the Union Serum company, of Sioux City, Iowa, to the districts of Georgia at or about the time that the license No. 51 of the Union Serum company, Sioux City, Iowa, had been revoked by the federal government.

7. You are charged that, as state veterinarian of Georgia, you have under Section 2119 (F) of the code of Georgia, to prevent and protect the people from unsanitary practices in the sale and distribution of food and milk products, did violate the spirit of this law, and your oath of office by offering for sale or allowing to be sold on the market, immune and adulterated milk, and was fined \$10 in recorder's court of Atlanta for such violations.

Under and by virtue of house resolution No. 146, concurred in by the senate, a joint committee was appointed by the president of the senate and the speaker of the house, to make such investigation as is provided for in that resolution.

By virtue of the authority vested in the committee you are required to appear before the committee in the office of the prison commissioner in the state capital, at Atlanta, Ga., at 3 o'clock p. m., on July 21, 1920, to answer the charges, if you so desire, and to hear testimony delivered in support of the charges.

Provide for Witnesses.
You are notified that, should you desire the presence of witnesses to testify in your behalf in the premises, Senator J. B. Clements, secretary of the committee, will furnish you with subpoenas for the witnesses, and the sergeant-at-arms, E. H. Beck, will serve them. It is not intended by this communication to you to indicate that other matters may not be gone into touching the conduct of your office as state veterinarian, it being the intention of the resolution to investigate the office as fully as the committee may deem necessary.

You are required to produce before the committee all the books, papers, vouchers and other records in your office pertaining to the purchase and distribution of live cholera serum in the state.

From time to time you will have at your command such other books and papers in your office as may be required by the committee for their inspection and use as evidence.

You will understand, of course, that you are entitled to be represented by counsel, should you so desire.

You will understand further that as an officer of the state you have the right to be present through the entire conduct of the investigation, either in person or by counsel, until the investigation is completed and the committee is ready to go into executive session for the purpose of considering the evidence and the charges.

Done by order of the committee in open session this July 20, 1920.

J. B. CLEMENTS,
Senator, 41th District, Secretary.

GREAT SLUSH FUND, DECLARES GOV. COX

Continued From First Page.

the table, including campaign funds.

"I hope the other party will see not only the wisdom but the good American spirit in not hitting its right under a bushel," said Mr. Roosevelt, who returned to Washington tonight.

Released Work of Cummings.
Governor Cox and Mr. Roosevelt praised the service of the retiring chairman, Mr. Cummings, the former stating that Mr. Cummings' speech at San Francisco, if read by every voter, would make a campaign unnecessary.

Mr. Cummings, in retiring, was voted the thanks of the committee, and stated that he had long wished to be relieved of the chairmanship duties. He commended Chairman White's selection, stating Mr. White was a personal friend of President Wilson.

Mr. White said he would announce his campaign plans later, and urged united party assistance. "In this campaign," said the new chairman, "men, and not dollars, are going to count. Democracy is not on the defensive, but ready to charge against the enemy."

Mr. White's choice, Governor Cox stated, was the suggestion of Mr. Roosevelt. It was made in conference between the candidates and a subcommittee from the national body, lasting all day.

Resignation of Mr. Moore from the national committee was part of the negotiations. By a coincidence, the Ohio state central committee was in session here, and agreed to elect Mr. White to the vacancy made by Mr. Moore's resignation, committee members only, under the rules, being eligible to the chairmanship.

New Chairman Served in Congress.
The new chairman is 49 years old and was assistant to Mr. Moore in Governor Cox's convention campaign.

His home is at Macon, which district he represented in congress for three terms—from 1910 to 1914, and from 1916 to 1918—being defeated for the intervening term and also in 1918. Previously he had served from 1905 to 1909 in the Ohio legislature. In congress he served on several important committees, succeeding Governor Cox on the appropriations committee.

Mr. White was born and reared in Elmira, N. Y. He graduated from Princeton university while President Wilson was a professor.

Entering the oil business, Mr.

White has amassed a comfortable fortune in oil-drilling, but previously he found gold in the Klondike.

Mr. White today said he was a "dry" on prohibition affairs.

In selecting Mr. White chairman, the national committee re-elected all other officers, including Wilbur March, of Iowa, treasurer, and E. G. Hoffman, of Indiana, secretary. The committee also added Miss Charlie Williams, of Tennessee, to be one of the vice chairmen. John J. Hughes, Des Moines, Iowa, was elected sergeant-at-arms.

The democratic national committee unanimously adopted a resolution urging ratification of the federal woman suffrage amendment by the Tennessee and North Carolina legislatures.

Chairman Cummings was directed on motion of Mr. Moore to thank the California people and other interests there for their "ing" of the San Francisco convention.

After adjournment of the committee to the chairman's call, members tonight were the guests of Governor and Mrs. Cox at a buffet luncheon at the executive mansion.

**STRIKE IS PROBABLE,
SAYS E. J. SEMPLE**

Another prediction of the probability of a general strike of the railway workers throughout the country, by reason of the failure of the federal labor board to grant the full demands of the employees, was made Tuesday by E. J. Semple, grand vice president of the Brotherhood of Railway Clerks, who was in Atlanta awaiting advice from the president of his organization.

Notwithstanding the proposed submission of the question to the various unions, he declared his belief that the leaders of the railway crafts would not be able to control the action of the men.

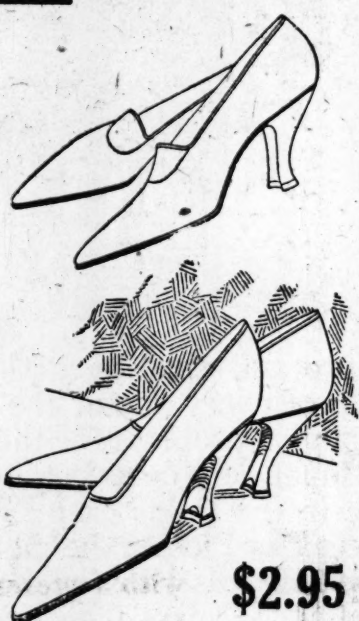

There are said to be 70,000 men in the southern and southeastern states. A general strike will depend upon whether the men consider the award fair," he said. "The unrest among the clerks has been particularly violent in the southeast, and I find that the cost of living in this section is astounding in comparison to other parts of the country."

LALLEY LIGHT and POWER

Lalley Light and Power Saves Work on the Farm

Lalley Light and Power has made man power more valuable on the farm because it saves time and work for the men.

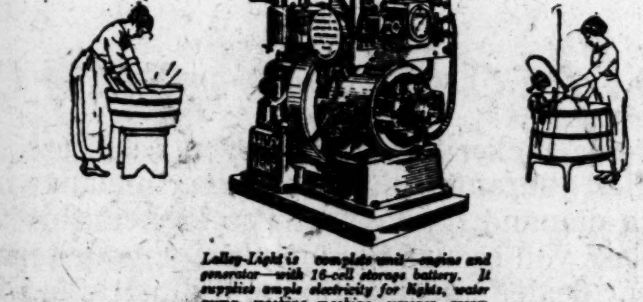

It lights the house and the barn and other outbuildings, and saves time for the daily chores.

It performs many duties about the home and the farm that were formerly done by hand, and does them quicker.

Lalley Light and Power is needed on your farm for what it will save you alone in a single season.

Many farmers make the Lalley plant pay for itself in the first year. And the same plant will keep working for them efficiently for years to come, at an amazingly low cost of operation.

We want you to see the Lalley plant—here or at your home—as quickly as you can give us the opportunity.

City

MACON, SAVANNAH, ROME AUGUSTA, ATLANTA COLUMBUS SHOW COST OF DELAY

The total taxes paid by all of the electric light, street railway and power companies upon those properties to all of the counties, cities and the State of Georgia in 1919, as shown by the annual report of Comptroller General Wright, are shown in the following table.

Credit the taxes against the loss in bills, if the cities use the same amount of current that similar cities, served by a Hydro-Electric Power Commission use, and note the millions lost annually in Georgia.

Actual bills for current used in a year in lighting homes and places of business in six such Ontario cities are compared with the cost for the same amount of current in six Georgia cities.

Cost for light in six Georgia cities.....	\$4,924,337
Bills for light in six Ontario cities.....	1,370,746
Six Georgia cities lose	3,553,591
All Georgia gets from tax.....	762,799
Atlanta's cost for light.....	2,451,297
Toronto's bill	746,497
Atlanta's loss	1,704,799
Savannah's cost for light.....	874,702
Hamilton's bill	194,175
Savannah's loss	680,527
Augusta's cost for light.....	600,588
London's bill	151,833
Augusta's loss	448,755
Macon's cost for light	600,588
London's bill	151,833
Macon's loss	448,755
Columbus' cost for light.....	224,964
Windsor's bill	81,832
Columbus' loss	143,132
Rome's cost for light	172,195
Stratford's bill	44,575
Rome's loss	127,619

NOTE

This table covers light alone. When the cost for power for manufacturing purposes is added, the annual loss will be shown to be greater far. Because of the excessive rates, Georgia cities probably use less current than Ontario.

116 CITIES
427 TOWNS
3,000 VILLAGES, Plus
3,543 TOTAL, Plus

If Only Six Cities Lose \$3,553,591 a Year
How Much Do The 3543 Lose?

What Is The State's Loss?

The majority of villages are without electric light. Their people are too few to make the running of lines to them

Profitable
to
Corporations Limited by Law
to
Making Money for Stockholders

The loss to these places without light is greatest. Darkness and drudgery breed ignorance and crime. In sight of 2,152,850 horsepower of undeveloped waterpower, that is capable of doing the work of 25,824,200 men, but which is as idle today as the most worthless of loafers, the plight of these villages and powerless farms disgraces the whole State of Georgia. To put this idle power to work and stop the frightful moral and financial loss—

To enable Georgia to face corporations as an equal—
Bills have been introduced by
Senators Pittman, Rabun, Blasingame, Wallace, Duncan, J. Q. Smith, Elders, Dorris and President Olive, and Representatives Covington, Alfried, Williams, Anderson, Stewart, Hollingsworth and Jackson.

Committees on Constitutional Amendments and the Rules Committees of Both Senate and House

Four committees in all will have to act, before the Senate and House can pass these Bills to permit you, who are the final judges, to vote to put your State on an equal footing with the corporations. Until you have voted, nothing can be done.

To prevent your voting, the corporations plan to kill the Bills in one of these Committees.

Delay is their game.

If they succeed in blocking the Bills, Georgia will lose another year and more millions of dollars, and only the corporations will gain.

We believe—

THE COMMITTEES WILL AGREE
THAT
THE STATE SHOULD ACT

(Published by the Municipal League of Georgia.)

CENSORSHIP BOARD FOR MOVIES WINS

House Bill Is Radically Amended, However, Before Favorable Report Is Agreed Upon by Committee.

Charges that the minds of the young boys and girls of the state

are being corrupted by the class of moving pictures which are being shown in the state were answered by counter charges that the appointment of censors would infringe too much on the personal liberty of the people of the state and be a backward step for civilization, at a joint committee meeting of the house and the state of the republic committee of the senate, held Tuesday afternoon, at which bills to provide for motion picture censorship in the state were recommended to pass.

At the beginning of the meeting each side was allotted forty minutes in which to present their argument. All of the forty minutes of the op-

position was taken up by Albert Foster, of Madison, who represented the motion picture interests of the state. The time of those favoring the bill was divided between Mrs. J. K. Otley, representing the State Library Commission, Mrs. B. M. Boykin, representing the Atlanta Woman's club, Mrs. W. A. Covington, of Moultrie, and Rev. Marvin Williams, representing the Evangelical Ministers' association.

House Bill Amended.

The bill was introduced in the senate by Senator Kea, of the sixteenth, and in the house by Representative Ficklen, of Wilkes. After the arguments of both sides had been presented, the joint meeting was adjourned, each of the committees going into executive session. Almost immediately the senate committee brought out a unanimous report favoring the passage of the bill. The house committee was not so prompt in its action and, for a while it seemed as if it might vote against the bill. But an amendment was offered and accepted which provided that the bill should not apply to pictures which do not corrupt the minds or morals of the public and do not have a tendency to undermine the institutions of the state. After this amendment had been accepted, the house committee voted unanimously to pass the measure.

The bill provides for the creation of the office of censor for motion picture films to be under the direction of the commission on the subject, which commission shall appoint, with the approval of the governor and subject to removal by him, a censor of moving pictures—man or woman—who shall have control of all films and shall designate assistants. This censor must examine every film to be shown in the state at a charge of 1,000 feet of film. Only such films as are, in the judgment of the censor, of a moral, educational or otherwise harmless character, shall be passed by the censor.

Mrs. J. K. Otley, chairman of the library commission, opened the debate in favor of the censorship. "The motion picture business is one of the most influential in the world, and is growing; it is now our most important formative influence," she declared. Mrs. Otley went on to state that while she was in favor of motion pictures, she believed they were not detrimental to children they should be regulated and the right kind of pictures shown to the young people.

Foster Flights Bill. Albert Foster, of Madison, representing the motion picture interests of the state, next took the floor, speaking for forty minutes. In beginning, he asked Mrs. Otley if she would be in favor of censoring the press, and when she replied in the negative, declared the censorship of motion pictures was just as radical a step.

He declared that while the woman's clubs of this state might be in favor of censorship, the woman's clubs of America have gone on record as opposing it. Mr. Foster next read a number of telegrams from the most prominent newspapers of the state which urged the defeat of the bill. "One of these proclaimed the bill to be ' bolshevik legislation which will cut down our already scant personal liberty.' "

He stated that only four states in the country have this censorship for pictures while thirty-six states have refused to enact such legislation. "This bill is a direct attack on free speech and if passed will be followed by a move to provide for censorship of the press," he declared. "In the privacy of our homes we read what we wish but when we go to a picture show we will have to see what the censor says is fit for two million Georgia eyes to view." Mr. Foster wound up by declaring that if the bill were submitted to a vote of the people, not one in five would vote for it, saying: "It makes me think I am living in the middle ages when the pope had no personal liberty at all."

Rev. Marvin Williams, of the Evangelical Ministers' association, closed the argument in favor of the bill. He declared that the negroes were impressed by being shown pictures on their own colored theaters which in which white men displayed in clothing "as filmy as the arguments of those who opposed the bill."

KEY MAKES DEFENSE OF ADMINISTRATION

Mayor Appeals for Support of Atlantans in Coming Primary.

Speaking from the steps of the Lee Street school, which were illuminated by the searchlights of two automobiles that had been run up on the lawn, Mayor Key addressed a gathering of several hundred people last night in defense of his administration, and appealed for their support at the coming election.

The mayor dwelt at some length on the emergency taxes which were levied within the past year, and the provisions for the teachers' salaries, the nurses' dormitory at Grady hospital, the additional filters at the waterworks, the cyclorama appropriation, the Commercial High school purchase and the water main to the tenth ward.

He stated that although his opponent, Harry Goodhue, was opposed to such special taxation, he had in fact voted for it as a member of the council, and had even insisted that one imposition of three-eighths of 1 per cent was not high enough but should have been a half of 1 per cent instead.

Money for Schools. "Mr. Goodhue claims that under the new charter there will be \$120,000 more set apart for the schools than there is now, said the mayor, "but he does not take into consideration the \$448,000 especially levied during the past year. Without these emergency measures the schools would have been doomed. If \$120,000 is raised next year without the emergency taxation, it will be seen that there will still be \$328,000 less money for school purposes than this year."

But even so, with the \$120,000 added to the school fund under the charter, where is the money to come from under the other departments? Yet he says there will be a better and bigger administration. Will he will give you will be bigger street car fares, bigger electric light and bigger gas bills.

About the City Manager. Referring to the immense powers of the city manager who, he repeated, may under the charter be either a resident or a non-resident of Atlanta, he said: "Why, you wouldn't have to pay that fellow anything; you could even find a great many who would be willing to pay two or three hundred thousand dollars for the privilege of serving on the board of tax assessors."

The mayor will speak tonight at 8 o'clock from the porch of Herbert J. Huddleston's residence, 224 Highland avenue.

F. Henry Royce, British engineer and manufacturer and the designer of the engine which made possible the flight across the Atlantic and the linking up of Great Britain with Australia by airplane, prides himself on the fact that he began his career as a milkboy.

Gone Since March, Cashier Returns And Gives Self Up

Cochran, Ga., July 20.—(Special.) U. H. Patrick, former cashier of the Citizens bank here, who is alleged to have absconded last March with funds of the bank said to aggregate \$100,000, surrendered himself to the sheriff today and announced through his attorney he is ready to answer any charges against him. He was released under bond of \$25,000.

The former cashier declared he has been in Cochran since Sunday, but waited until he had straightened out legal matters before notifying the sheriff. He made no mention of the money he is charged with taking, merely stating he had "returned to straighten things out."

He told of traveling over the country after he left Cochran, his itinerary including Matamoros, Mex-

ico, Memphis, Atlanta, Social Circle, Newbern and other Georgia towns. He claims to have been back in Georgia since May 14.

A reward of \$1,000 had been offered for his arrest.

COAL SITUATION SERIOUS AT MACON

Macon, Ga., July 20.—(Special.)—It developed that there are only 300 tons of coal in the local yards, and 500 tons on the way, whereas there are usually 15,000 tons on hand at this time of the year. Macom consumes 60,000 tons of domestic coal each year and dealers reported today arrangements have been made for only one-third of that amount for this year, leaving 40,000 tons to be supplied. A means of saving 4,000 tons of lump coal was decided on by supplying "run of mine" and nut coal to large apart-

ment houses and steam plants having facilities for using it.

"The coal situation here is even more critical than it was during the war, dealers claim."

Freddie (admiring the tattooing on Jimmie's arm): "Did it hurt much?" Jimmie: "Not till mother saw it."—Pearson's Weekly.

Here's the Pea Picker That Will Gather the Pea Crop This Fall

Peas mature and must be gathered right at the time when every farmer's cotton crop demands the help of every "hand" he can hire. Because this is true—because labor is so scarce that it has become a problem for the farmer to get his cotton picked, and impossible for him to secure the additional help necessary to pick his pea crop—thousands of bushels of peas have been allowed to rot in the fields each fall. Consequently, peas are scarce and high in price.

The Perfect Pea Picker, the machine shown in the illustration above, is not an experiment. It has been used successfully for the past five years, and the testimonials reproduced below were given by practical farmers who know what they are talking about. They have successfully used The Perfect Pea Picker on their own farms.

The Perfect Pea Picker will pick from forty to sixty bushels of peas in a day—as many peas as twenty to thirty men could pick in the same time. It is guaranteed to do that. There will be no need for peas to rot in the fields this fall. Farmers who order early can get a Perfect Pea Picker for use this season. The price is low enough to permit the farmers of the South to buy the machines and use them profitably.

Dealers and farmers are invited to write for descriptive literature.

What Some of Its Users Say About the Perfect Pea Picker

I have carefully observed the work done by the Perfect Pea Picker for three years and where conditions are favorable more than 90% of peas are saved and under average conditions more than 80% are saved. It will pay any farmer or community to own one of these machines. (Signed) J. H. WARREN, County Agent, Hart County.

In regard to the Perfect Pea Picker. I have one and have picked 32 bushels of peas in a day. As a farm implement I cannot be without one as long as I raise peas. (Signed) C. J. MOUCHET.

I have a Perfect Pea Picker and it has proven entirely satisfactory. In two evenings last fall, with my little boy, I saved fifty-six bushels of peas that I would have lost on account of labor. This saving paid for my machine. (Signed) J. E. CONWELL.

I cheerfully indorse and recommend as a practical farm implement, the Perfect Pea Picker. I have used it to great advantage this season. (Signed) S. C. GULLEY.

I have used the Perfect Pea Picker on my farm for two seasons with satisfactory results. I recommend it as a very valuable farm implement. (Signed) P. P. GULLEY.

In reply to your letter I will say that this machine is all right. I have picked peas for several and it has given satisfaction. I have sold two other parties and they are well pleased. (Signed) I. B. ADAMS.

I have used one of the Perfect Pea Pickers this season. I am well pleased with it. I wouldn't be without it for twice the amount I paid for it, unless I could get one to replace it. (Signed) H. T. PRUITT.

I have used for two seasons the Pea Picker invented by T. S. Mouchet and find that it gives perfect satisfaction. In a day's time it will easily pick as many peas as fifteen or more good hands. It is thoroughly practical and any boy who is capable of driving a pair of mules can operate it. (Signed) L. L. MOUCHET.

I believe that Mr. Mouchet has as complete an implement for picking peas and beans as can be arranged. It works as rapidly as a team can carry it and carries a through of four or five feet. (Signed) W. C. TRIBBLE.

I have seen the Perfect Pea Picker work and know personally the inventor, Mr. T. S. Mouchet. I predict that the Picker will take its place among the labor-saving farm implements, as it is a success. (Signed) L. H. RIDGWAY, Cashier, Bank of Bowersville, Ga.

A Profitable Agency for Dealers

The Perfect Pea Picker has been proven a success. There is no doubt about what it will do, and our unqualified guarantee placed on every machine makes the buyer absolutely safe. There is going to be a big demand for Perfect Pea Pickers this season. We have an attractive proposition for dealers. Unless you secure the agency for your territory somebody else will. We invite you to write us for our dealer's proposition and illustrated literature.

Earning \$1 a Minute, He Ought to Pay \$10 Per Week Alimony

Chicago, July 20.—He earns \$1 a minute, Judge, and I think he ought to be able to pay me \$10 a week alimony," Mrs. Edward Nelson complained to Judge Trude.

Mrs. Nelson said her husband was a former lieutenant in the air service, and was now paid \$1 a minute for flying with passengers.

"Add 291 minutes' work," ruled Judge Trude.

Nelson paid.

Woman Surprises Her Friends

"After a spell of Typhoid Fever 7 years ago I began to suffer from indigestion and gas in my stomach and colic attacks. This gradually became so bad that my doctor advised an operation for gall stones. A friend advised me to try Mayr's Wonderful Remedy, which I did with splendid results. My friends were astonished at my rapid improvement. I have no more bloating and can eat anything I wish. It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Jacobs Pharmacy and druggists everywhere.—(adv.)"

GEORGIA TOBACCO HAS GOOD OPENING

High Prices Paid on the Opening Day of Market Season Throughout the State—Growers Highly Pleased.

As a result of the high prices paid for tobacco on various markets throughout Georgia yesterday, the opening day of the season, farmers of this state who took a flyer in the crop heretofore practically unknown in Georgia, are highly pleased with their venture.

EASY TO LOOK GOOD

Most of us are proud of our wearing apparel; we buy the best and take care of them—
Having been east you certainly know of Footers' Dye Works, the largest and best dye cleaners and dyers in the world—
299 Ponce de Leon avenue, are Footers' Agents. We are expert shoe repairers, make hats new again, hand launder silk shirts, sponge and press clothing; in fact, "we rejuvenate wearing apparel."
Our prices are no higher and our work is better. We do not call for or deliver. We do pay out-of-town charges one way.

O. K. SHOP,
299 Ponce de Leon Ave., near Boulevard. Phone Hemlock 1592.

Record prices were reported at some of the markets, and buyers are highly pleased with the quality of tobacco produced in Georgia soil. It is expected that even higher prices will be paid later in the season, as the best of the tobacco crop is not harvested during the early gathering, and the indications are that this crop will replace others that have proved unprofitable.

Tifton, Ga., July 20.—(Special).—The highest average price ever paid for tobacco on the opening day of any market in the south, according to Penner and Hudson, managers of the Tifton tobacco warehouse, at the closing of today's sales, which opened the Georgia tobacco season. The average price paid was 33.62 cents, and the amount of tobacco sold was 21,208 pounds.

A large crowd attended the opening, more than a score of ladies being present at the interesting, and to this section, novel, spectacle. The bidding was split from the start, seven of the largest buying and exporting firms in the world being represented: Liggett & Myers, China-America, Taylor Tobacco company, Imperial Tobacco company, Export Tobacco company, American Tobacco company and Penner & Hudson. The highest price paid was 55 cents a pound. This is a record for sand lugs or first-crop tobacco, which is the variety first

coming on the market. It indicates prices well over \$1 a pound for the higher grades.
The quantity offered was comparatively small because the growers are feeling out the market. Dozens of growers, representing all of the tobacco section, did not bring any tobacco at all, coming first to see how the market opened. These as well as those who sold, were highly gratified at the splendid opening and tobacco men all over the district are smiling at the prospects.

Many of the visitors inspected the immense plant for stemming and redrying tobacco which is nearing completion for the Imperial Tobacco company. This is the first plant of its class for south Georgia and was an eye-opener to those not in touch with the big developments in the tobacco industry.
Sales at Tifton will continue throughout the tobacco season, and will be held every day in the week except Saturday. Last season there were only two sales during the week. This year buyers expect several million pounds to be marketed here. The market today put a neat sum in cash in the pockets of the growers. Tomorrow's market opens at 10 o'clock.

FOR ONE LOT.
Lyons, Ga., July 20.—(Special).—Fancy prices prevailed throughout the day at the opening sale of tobacco on the Lyons market today. The highest price for best grades being 45 cents a pound, about 15,000 pounds being sold at today's sales at an average price of 33 cents. One grower, Cobb Smith, sold 500 pounds at an average of 55 cents and some of his tobacco sold as high as 75 cents.

The tobacco sold today came from Tomba, Tattall and Bulloch counties. The market today put a neat sum in cash in the pockets of the growers. Tomorrow's market opens at 10 o'clock.

40,000 Pounds Sold

Valdosta, Ga., July 20.—(Special).—Forty thousand pounds of tobacco was sold here today at the opening of the Valdosta tobacco warehouse at prices ranging from 29 cents to 80 cents per pound. The bidding began until it closed this afternoon with a force of buyers representing country. Growers and buyers were well pleased with the opening sale for tobacco which rapidly increased. For the first time the price paid for tobacco today was a record. The first pickings of the season are termed, the tobacco marketed here today is produced in the Valdosta section of the Georgia and Carolina counties. Many of the Virginia and Carolina buyers, the crop grown in the Lowndes county was a revelation to the buyers. The soil and climate of Georgia has the soil and climate for the growing of the high-grade tobacco in the world.

The opening of the Valdosta tobacco warehouse marks a new beginning for the first time here a market for a crop which is believed to be the best of the season. The Valdosta cotton which had to be abandoned on account of the boll weevil. Fitzgerald, Ga., July 20.—(Special).—Fitzgerald's tobacco market opened today with an extra large offering of what experts state the finest "bright tobacco" ever offered in Georgia. The enlarged facilities of the Lowndes tobacco warehouse, which now has 40,000 square feet of floor space, was well filled the entire day with tobacco from farms in this and nearby counties. Prices were said to be satisfactory, the crop being decidedly better than last year's.

An average price of 37 cents was maintained for the entire day. Buyers representing Liggett & Myers, the American Tobacco company, the Imperial Tobacco company, the Export company and Taylor Tobacco company were active bidders during the day. The large stemming and redrying plant of the Cobb Gwynn Tobacco company was opened for operation and much of the tobacco bought today found its way to the drying plant for repacking and stemming.

FITZGERALD MARKET HAS GOOD OPENING

Fitzgerald, Ga., July 20.—(Special).—Fitzgerald's tobacco market opened today with an extra large offering of what experts state the finest "bright tobacco" ever offered in Georgia. The enlarged facilities of the Lowndes tobacco warehouse, which now has 40,000 square feet of floor space, was well filled the entire day with tobacco from farms in this and nearby counties. Prices were said to be satisfactory, the crop being decidedly better than last year's.

MAD DOG ATTACKS FAMILY OF FOUR

Waycross, July 20.—(Special).—Mr. and Mrs. Clarence Cox and their two children, Ethel, aged, and Revis, age 2, were bitten by a mad dog yesterday. City Health Officer J. R. Scully stated that they are getting along as well as could be expected, but it is not known how infectious the wounds are. The animal was killed immediately after the occurrence.

A number of mad dogs have been reported here within the past few months.

GEORGIA HIGHWAY PLANS APPROVED

Projects for Road Work in Georgia, Totalling \$1,182,153.81, Authorized by Government Officials.

The state highway department has secured within the past week the approval of the chief engineer of the bureau of public roads at Washington upon projects for road work in Georgia, which total \$1,182,153.81, according to the statement Tuesday of officials of that office.

Of the above amount, it is added, the federal government will participate to the amount of \$461,173.49. This sum constituting this program of construction are to be built under the supervision of the state highway department.

Projects in Detail.
The projects as detailed by the department are as follows:
"Project No. 131, involving improvements of 12 miles Augusta-Thomson road in Richmond county, the estimated cost of which will be \$17,000. The federal government will reimburse for 50 per cent of the cost."
"Project No. 132, involving improvements of 2 1/2 miles of the Atlanta-Fulton road in Fulton county at an estimated cost of \$23,000, of which the federal government will bear 50 per cent of the cost."

"Project No. 133, involving improvements of 2 1/2 miles on the Elberta-Bulter road in Schley county, at an estimated cost of \$23,000, of which the federal government will bear 50 per cent of the cost."
"Project No. 134, involving improvements of eight miles of the Elberta-Bulter road in Schley county at an estimated cost of \$60,000, 50 per cent of which will be paid by the federal government."

"Project No. 135, involving the improvements of 1 1/2 miles on the Sparta-Warrenton road in Hancock county, at an estimated cost of \$47,000, of which the federal government will reimburse for 50 per cent."
"Project No. 136, involving improvements of five bridges on the Toccoa-Washington road in Wilkes county, at an estimated cost of \$68,000, of which the federal government will share to the extent of \$35,000."

"Project No. 137, involving improvements of 3 1/2 miles on the national highway in Newton county, at an estimated cost of \$30,000. Federal government will share to the extent of \$15,000."
"Project No. 138, involving improvements of 12 miles on the Jessup-Brunswick road in Wayne county, at an estimated cost of \$30,000, of which the federal government will reimburse for \$15,000."

"Project No. 139, involving improvements of approximately 1 1/2 miles on the Bainbridge-Dothan road in Baldwin county, at an estimated cost of \$38,000, in which the federal government will refund approximately \$19,000."
"Project No. 140, involving construction of a bridge over Big Indian creek in the Henderson road in Houston county at an estimated cost of \$48,000, of which the federal government will refund \$20,000."

"Project No. 141, involving the construction of a bridge over Camp creek on the Dixie highway in Macon county, at an estimated cost of \$27,000, of which will be refunded by the federal government."

suffered a serious mental collapse recently when the woman called him over the telephone in Fairburn.

Judge Ben H. Hill, counsel for Mrs. Bradstreet, said last night that he knew nothing of the alleged telephone call that is said to have resulted in the illness of Green.

Dr. J. J. Green, of Fairburn, declared Thursday that his brother, William B. Green, would not be able to attend the hearing of the case, because of his weakened physical condition.

It was at the suggestion of the convicted man's brother that the hearing will be held in Fairburn. Dr. Green said that his brother's condition in the near future may permit of his attending the hearing, but that at the present he would

not even be able to assist his attorneys, H. A. Allen and George Westmoreland, in conducting the case.

Hospital Opens.
Fitzgerald, July 20.—The Fitzgerald hospital, a hundred thousand dollar building, recently built and equipped by a local corporation, opened its doors today for the reception of patients. The hospital is equipped with forty beds and has fully equipped operating rooms and is said to be a model in all of its requirements. A public reception was held and the public given an opportunity to inspect the building and its various departments.

Mrs. Beale E. Winn has returned from a visit to St. Louis.

Dr. Holt, the eminent baby specialist, says that baby's weight tells very accurately how well it is thriving. He recommends the first year at least, keeping a weight chart. The average baby weighs at birth 7 1/2 pounds; six months, 12 to 13 pounds; six months, 15 to 16 pounds; one year, 20 to 22 pounds.

If your baby isn't weighing what it should, give it immediate attention. The failure to look for the cause of underweight is the stomach and digestive organs, because, if they do not function properly, baby's body is not properly nourished. Symptoms of poor digestion are usually sleeplessness, fretfulness, loss of appetite, constipation, diarrhoea and sometimes a slight fever.

This condition may be easily corrected with a good laxative, such as "Baby Ease," a perfected preparation by a baby specialist. The castor laxatives have a tendency to irritate and are too harsh for the delicate membranes of baby's stomach. "Baby Ease" is easy-acting, non-irritating, does not produce over-action or leave baby constipated. It is a safe, harmless and efficient laxative and corrective for babies and children. If you see no improvement after a few doses, ask your baby to "Baby Ease," ask your druggist for "Baby Ease."

from visits to relatives and friends in Greenville and Charleston, S. C.

Mrs. Perry Evans and Miss Mae Evans are visiting relatives at Jasper.

MEETINGS

Mrs. John A. Purdie calls a meeting at Edison hall Wednesday morning of the Atlanta Chapter U. D. C.

THOMAS COUNTY HOLDS PRIMARY

Thomasville, Ga., July 26.—(Special.)—In primary for county officers here today Oscar Groover received nomination for clerk of superior court by a large majority over J. W. P. Mitchell, for sheriff, and T. A. Rieberg, for county commissioner, from Thomasville. Homer Williams received full ballot at the present time. The fruit is of a fair quality and is bringing prices, that if not fully up to expectations of earlier in the season, are nevertheless satisfactory.

It is from Fort Valley and Marshallville, however, that the bulk of the Georgia peach crop is shipped and as a result of the brown

GEORGIA PEACH CROP RAVAGED BY WORMS

Predicted Yield Will Fall Short of Expectations by 3,000 Cars.

Macon, Ga., July 26.—(Special.)—While the peach growers around Port Valley and Marshallville have just about given up the ghost as far as marketing the remainder of the peach crop for the 1920 season, because of brown rot and worms, which have made a great portion of the crop unsalable, growers in the Macon territory, which includes Bibb, Jones, Jasper, Upson and Pike counties, are not nearly so hard hit, and packing houses are operating full blast at the present time. The fruit is of a fair quality and is bringing prices, that if not fully up to expectations of earlier in the season, are nevertheless satisfactory.

It is from Fort Valley and Marshallville, however, that the bulk of the Georgia peach crop is shipped and as a result of the brown

rot and worms, it is stated that only about 1,000 cars of Elbertas will be shipped this year, whereas earlier predictions called for 3,000 cars. The entire Georgia peach crop shipments this year will not total more than 5,000 cars, where it was anticipated 8,000 cars would be shipped. The bulk of the Elbertas will be permitted to rot on the trees in the Port Valley belt, the worms making it useless to pick them.

Ireland's dried and woven linens and serges were known as far as Italy in the Middle Ages.

To Speak at Picnic.

Waycross, Ga., July 26.—(Special.)—Hon. Clifford Walker, candidate for governor of Georgia, will be the principal speaker at the Odd Fellows picnic to be held in Bartley on Friday, July 23. The picnic will be an all-day affair and will be held on the banks of the Satilla river. Besides Mr. Walker, other prominent speakers will be present, including G. C. Thomas, secretary Chamber of Commerce. Watermelon cutting is also planned to wind up the day.

PELLAGRA

GET THIS BOOKLET FREE

If you suffer from Pellagra, get this remarkable free book on Pellagra. A good clear discussion of this fearful disease, written so any one can understand it. Tells how a big-hearted man has successfully treated Pellagra after it baffled science for 200 years. Describes all the symptoms and complications. Shows how Pellagra can be checked in early stages. Tells of the cures of many southern people, rich and poor alike after thousands had been carried away by Pellagra. If you doubt, this book will convince you. Pellagra can be cured. If you know of a Pellagra sufferer, then, for humanity's sake, let this book bring new courage and valuable knowledge. It will be sent free for the asking.—(adv.)

Voile Dresses—A Sale

—Street and Afternoon Dresses in a Variety of Good Styles

Two Hundred Fifty-Nine

\$12.50 to \$16.95 Values

AT 9.75

One Hundred Sixty-Two

Regular \$10.95 Values

AT 7.95

—Large and Small Floral Patterns, —Scroll Effects, —Conventional Designs.

—In all the most wanted light and dark colors and combinations.

—Sizes to fit most all women.

JUST UNPACKED, and they supersede any other Voile Dress Values we've shown this season. —New styles designed for Street, Afternoon and Service wear. —Splendidly made of the same quality Voiles you saw earlier in the season in: Dresses which sold at up to \$17.50.

—Some show vestees, collars and sashes of white or colored organdies. —Some show vestee fronts of nets. —Others show contrast trimmings and bias treatments of self materials.

—Every Dress is fresh and new, —in perfect condition, —wonderfully desirable; and the best value of its class you've seen this season.

—High's Second Floor

HOUSE EXTENDS TIME OF SESSIONS

Beginning Thursday, the
Body Will Convene at 9
A. M.—Reverses Its Ac-
tion of Monday Morning.

Reversing its action of Monday, the Georgia house of representa-
tives Tuesday morning voted to add
another hour to its working day
for the remainder of the session.
Beginning Thursday morning, the
house will convene at 9 o'clock, un-

less otherwise ordered, until the
close of the session. The motion
proposing the earlier meeting hour
was made by Representative Neill,
of Muscogee, who brought to the
attention of the members the fact
that the session is more than half
over, and that many important mat-
ters are yet to be acted upon.

No action was taken upon the
Knight resolution, which seeks to
distribute immediately the state
motor vehicle funds of \$1,800,000
among the various counties of the
state prorated upon a basis of popu-
lation. The bill was introduced by
Representative Davis, of Ogle-
thorpe.

Representative Knight spoke vig-
orously for his substitute, which
differs from the original resolution
principally in point of providing for
the expenditure of the highway
fund in the various counties in-
stead of by county commissioners.

The amendment by Mr. Davis,
of Oglethorpe, provided that the
county road fund should be con-
sulted about work to be done by
the highway commission in their
counties.

Knight's Appeal.

Mr. Knight made an appeal last-
ing for more than an hour for sup-
port of his substitute, which
urging the legislators and state offi-
cials to "keep faith with the people."

He said that the bond issue for
state roads would be endan-
gered if the distribution of the fund
was not made in a manner that
would not defeat the big road scheme that
is mapped out for Georgia.

Representative Knight, of Ogle-
thorpe, spoke generally against the
present highway scheme, which he
said was "a harmonious program, and
not believe the people of Georgia
would consent to the state assum-
ing a liability of \$1,800,000 for the benefit of auto-
mobile syndicates. He said, however,
that he would vote for the Knight
substitute as amended because that
was the best thing he could do.

After the talk by Mr. Davis, a
motion was made to adjourn, leav-
ing the Knight resolution to be
taken up Wednesday morning. The
unfinished business. A conference
was held between Messrs. Knight
and Carwell, and other leaders for
and against the Knight resolution,
and it is believed a compromise will
be effected today or early tomorrow
to satisfy both sides of the contro-
versy.

Reconsider Ad Rates.

Mr. McDaniel, of Forsyth county,
asked unanimous consent for the
reconsideration of house bill No.
22, which provided for an increase
in rates to publishers for legal ad-
vertisements from 75 cents to \$1 per
hundred words for legal ads. The
matter was put to the house on
motion to reconsider, and as a re-
sult of the favorable action of the
body, the bill will take its place
again upon the house calendar. This
bill was defeated Monday.

The bill to appropriate \$10,000 for
the purchase of a statue of Dr. Craw-
ford W. Long, discoverer of anesthetics,
was introduced Tuesday by
Messrs. DuBois of Clarke, Harden
of Banks, Bash of Mitchell, Craw-
ford of Terrell, and Moore of Cam-
den. Holder of Jackson, Moore of
Fulton and Carwell of Wilkinson.

SPECTER OF STRIKE STILL OVER COUNTRY

Continued From First Page

men, whose 15c an hour increase
topped off there. Here, the board
explained, the deciding factors were
the extreme hazard to life and limb
and degree of skill required.

Today's award, if it is accepted by
the men, will bring to a close, at
least for the present, the board's
troubles. The assembly ended cycle
of demands from the railway
workers. Starting with the demands
of 1916, which were met for a time
by passage of the 'Adams law, there
has been an almost continuous
procession of rail unions before vari-
ous government boards and commis-
sions, all demanding changes in pay.

When the government took con-
trol of the railroads in December,
1917, it found pending requests from
many unions for more money. The
Lane commission responded with a
graduated scale ranging from a 40
per cent increase for the poorest
men, to nothing for those getting
above \$249 a month. A series of ad-
justments followed. Less than a
year later, in January, 1919, Direc-
tor General McAdoo received a re-
quest from the shop crafts asking
that he add another \$500,000,000 to
the wage budget to meet the rising
cost of living. The request hung
fire for many months. In August,
of last year, President Wilson ap-
pealed to the men to wait and give
the government a chance to reduce
the cost of living. They waited
until this year, then pressed their
requests again.

Again the matter was deferred, as
federal control of the roads was
about to end. In February, con-
gress passed the transportation bill,
providing new machinery, in the
labor board, to deal with the case,
but it was not until the board was
appointed on April 15 that work
was begun.

Board Explains Decision.
"This long delay and succession
of disappointments, coupled with the
pressure of a further rise in living
costs, produced deep and not un-
reasonable dissatisfaction of the
railroad employees, who felt them-
selves called on to make sacrifices,
as they believed, far beyond that of

any other class," the board said in
its report.

"It is clear that the cost of living
in the United States has increased
approximately 100 per cent since
1914," the decision added. "In many
instances the increases to employees
herein fixed, together with prior in-
creases granted since 1914, exceed
this figure. The cost of living and
wages paid for similar kinds of
work in other industries, however,
has advanced at a much slower rate
than that of the railroad employees.
The board has endeavored to fix
wages as will provide a decent
living and secure for the children of
the wage-earners opportunity for
education and yet to remember that
no class of Americans should receive
preferred treatment, and that the
great mass of the people must ulti-
mately pay a great part of the in-
creased cost of operation entailed by
the increase of wages determined
herein."

"Those persons who consider the
rates determined on this basis to be
reflect on the abnormal conditions
resulting from the high cost of liv-
ing and the high cost of operation
paid in other industry. The em-
ployees who may believe these rates
too low should consider the in-
creased burden these rates will
place on their fellow countrymen,
many of whom are less favorably
situated than themselves."

Where Increase Goes.
An analysis of the increase will
show that the \$500,000,000 increase will
go to the larger classes of employees
in substantially the following dis-
tribution:

Railway clerks and freight han-
dlers, \$123,000,000.

Maintenance of way employees,
\$120,000,000.

Engine and trainmen, \$157,000,000.

Railway shopmen, \$139,237,000.

The remainder will be divided
among the station employees, yard-
men and dispatchers, and marine
employees. Such subjects as the
railroad-owned harbor boats.

The award does not go into the
disposition of the money. The board
conditions which the brotherhoods
interpose with their requests for
such subjects as the national agree-
ment of overtime for Sunday
and holiday work, the continuation
or elimination of the national agree-
ment, the application of the award
to the various new rail organiza-
tions or elimination of the national
agreement, and these questions will
be determined later.

The question of these two
phases of the controversy was done
on the assumption that adequate
investigation of the national agree-
ment would be made, and because the
existing tense labor conditions
called for an early decision on the
wage question.

In making its flat monetary
award, several differentials which
have long been a source of conten-
tion and dissatisfaction among rail-
road employees were adjusted. The
differential which had given car
repairmen higher rating than
switchmen was virtually wiped out.

The recent strikes of switchmen
partially been attributed to this
differential.

The repairmen were granted an
increase of 15c an hour, bringing
their formal daily wages to \$4.45.

The switchmen's rate was advanced
from \$3.65 to \$3.85, and helpers
from \$3.45 to \$3.65.

Express Workers Not Included.
Nearly 75,000 employees of the
American Railway Express compa-
ny are not included within the
provisions of today's award.

The board will hear Thursday
the representatives of the express
company, some 2,500 in number, are
affected by today's decision.

The problem of the railroad men
who joined new unions last April
and struck for immediate increases
also remains unsolved. The labor
board maintained its stand that the
strikes violated the transportation
act by walking out without first
submitting their grievances and
that therefore the case of the strik-
ers was not before the board. No
reference to the new unions is made
in the decision, but the preamble
specifically names eighteen recog-
nized organizations as being parties
to the award.

John Grunau, president of the
Chicago Yardsmen's association, par-
ent body of the new unions, lauded
a statement today branding the
board's award as "inconsistent and
unsatisfactory," and announced that
it had been rejected by the dele-
gates representing the union.

The principal demands of the
recognized unions, self-styled "vaca-
tionists," was for restoration to the
positions they left with full seniority
rights and \$1 an hour pay. The
roads have maintained the strikers
quit work and in this stand have
had the support of the recognized
brotherhoods.

The question of rules, under
which this dispute falls, has not
yet been taken up by the board,
but as soon as the express em-
ployees' case is disposed of, the
board plans reviving the rules
in effect on all roads.

Decision Not Unanimous.
The decision, Chairman Parton
explained, was not a unanimous one,
some members dissenting on

nearly every section. The awards
given by a majority vote on each
section, with at least one mem-
ber of the public group voting for
each award.

Demand of the railroad men who
struck last April and formed new
unions ignored by the board. No
reference is made to the strikers or
their demands. The board had re-
fused the representatives of the new
unions, holding, with the brother-
hoods, that the men were already
represented by the officials of the
recognized unions.

In addition to the sixteen recog-
nized brotherhoods two other uni-
ons—the International Association
of Railroad Supervisors of Mechan-
ics and the American Train Dis-
patchers' union—were made a party
to the decision. More than 400 rail-
roads are specifically named as par-
ties.

The decision provides that in case
of a dispute as to the interpreta-
tion of the decision the question
shall be referred to the board for
decision. The law does not require,
however, that either side must ac-
cede to the award.

The board provides that the daily
increase shall be computed as eight
times the hourly rate and the
monthly rate. The law does not re-
quire, however, that either side must
accept the award.

The board assumes as the basis
of this decision that the daily in-
crease shall be computed as eight
times the hourly rate and the
monthly rate. The law does not re-
quire, however, that either side must
accept the award.

Georgia Editors Find Carrollton Delightful Host

The Newspaper Men Just
Don't Want to Go Home.
Washington Will Prob-
ably Get the Next Con-
vention.

Carrollton, Ga., July 20.—(Spe-
cial.)—The splendid welcome of-
fered the members of the Georgia
Press association by Carrollton,
now holding their thirty-fourth an-
nual convention here, has been of
such a generous, whole-hearted
nature that every member of the
association will long remember the
trip as the best ever taken by the
association.

Owing to the delay of trains ar-
riving Monday, the scheduled meet-
ing for that night was postponed
and bright and early Tuesday the
convention opened at the city hall
with prayer by Rev. J. M. Dodd,
the mayor of the city, Hon. H. W.
Patterson, was unexpectedly called
away and could not deliver the
keynote of the city as planned, but
in his place, Hon. E. T. Steed, pres-
ident of the association, delivered
the address of welcome, informing
the editors of the virtues of
Carrollton county.

Carroll county, commonly known
as the Mother of Counties, was
laid out in 1826, extending from
West Point to the Cherokee line,
and where Buchanan now is, em-
bracing an area 100 miles by 40.
For those who have a historical
bent it will be recalled that Carroll
was the home of General McIntosh,
the first Indian to be hanged in the
land west of the Chattahoochee
tribe and his grave is on the bank
of the Chattahoochee in this coun-
ty, his old home.

"Free State of Carroll," was
Carroll was long known as "The
Free State of Carroll," because of
the name, "Mother of Counties," having
given of more than half dozen other
counties of the state. The "White Man's
County," and "The County of Small
Farms."

Carroll furnished more troops to
the confederacy than she had voters.
More than a thousand of her sons
served in the world war, most of
whom saw service abroad.

But all of this is for those who
have seen for themselves that Carroll
thriving little community has law-
abiding citizens, good schools, good
churches, good public buildings,
one semi-weekly and three weekly
papers, two banks, four cotton
mills, fertilizer plants, oil mills,
ginners, saw and planing mills,
cotton warehouses, bottling works,
wholesale houses, a public library,
good hotels, clean places of amuse-
ment, professional men, a long
list of miscellaneous retail mer-
chants and is located on the Central
Georgia railroad in the north-
western part of the state.

Free Type of Georgians.
All of this set forth in a little
pamphlet issued by the Carroll
county board of trade. But the
greatest asset of the county is omi-
tting from the booklet the splendid
type of Georgians, men and women,
who were enumerated by the cen-
sus taker in gathering the statistics to
show that nearly 4,500 of the finest
people in the departments named
who are properly before the board
and not otherwise provided for shall
receive the increase equal to that
established for the nearest respec-
tive classes.

"If of this article," the
decision says, "is to extend this
decision to a miscellaneous class of
superior and superior employees, prac-
tically impossible of specific classi-
fication, and at the same time in-
crease the same, the same conside-
ration and rate increase as provided
for analogous service."

Higher Freight Rates
AND PASSENGER FARES
Continued From First Page

feets the roads in the different ter-
ritories.

Under C. C. under the transporta-
tion act, is obliged to fix railroad
rates at 6 per cent to yield 5 1/2 per cent,
or more, on the value of railroad
properties. The law is mandatory
in its stipulation that higher labor
rates shall be met with higher
rates.

Stationary engine and boiler room
employees were advanced 18 cents
an hour for engineers, firemen and
oilers, while water tenders and coal
passers receive 10 cents increase.

In the signal department, fore-
men, inspectors, maintainers, signal
men and their assistants, 13 cents
an hour; helpers, 10 cents an hour.

The decision provides that em-
ployees in the departments named
who are properly before the board
and not otherwise provided for shall
receive the increase equal to that
established for the nearest respec-
tive classes.

"If of this article," the
decision says, "is to extend this
decision to a miscellaneous class of
superior and superior employees, prac-
tically impossible of specific classi-
fication, and at the same time in-
crease the same, the same conside-
ration and rate increase as provided
for analogous service."

Higher Freight Rates
AND PASSENGER FARES

feets the roads in the different ter-
ritories.

Under C. C. under the transporta-
tion act, is obliged to fix railroad
rates at 6 per cent to yield 5 1/2 per cent,
or more, on the value of railroad
properties. The law is mandatory
in its stipulation that higher labor
rates shall be met with higher
rates.

Stationary engine and boiler room
employees were advanced 18 cents
an hour for engineers, firemen and
oilers, while water tenders and coal
passers receive 10 cents increase.

In the signal department, fore-
men, inspectors, maintainers, signal
men and their assistants, 13 cents
an hour; helpers, 10 cents an hour.

The decision provides that em-
ployees in the departments named
who are properly before the board
and not otherwise provided for shall
receive the increase equal to that
established for the nearest respec-
tive classes.

DOUG IS FORCED TO SHOULDER MARY IN PARIS MOBS

BY EDWIN HULLINGER,

United News Staff Correspondent.
Paris, July 20.—Mary Pickford today went in search of Paris "types." She found them. And the result was a crash from Mary's discovery of the "types" and the "types."

Discovering Mary was so great that Doug Fairbanks simply had to pull off one of his typical movie stunts by hoisting Mary to his shoulders and plunging his way like a football player through the mob. Mary went down this morning to the "halls" where good fishwives and fat market women and unkempt, unshaven fruit peddlers noisily ply their trade in the early hours of the day. Strangely enough, it was Mary's greatest reception since she made her royal entry into the city.

Kills 'em All

Kill roaches, bed bugs, moths and germs in the easiest, quickest, cleanest, surest way—by spraying Preventol. Insects spread disease—they are carriers of death from filth to your food, to your table, to your mouth. Destroy them with Preventol—and protect your comfort, health and life.

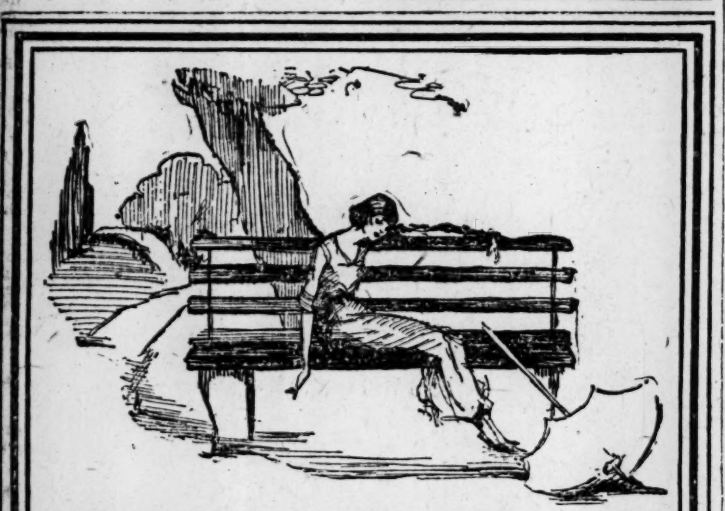

Spray Preventol in your kitchen and pantry to kill the hideous roaches and their sickening odor. Spray it under and around the sink, along the drainboard, over and behind the shelves and in the cracks and crevices of woodwork and plaster. Preventol's vapor will do no harm—except to insects. These it drives out to die in sight. It kills their eggs—prevents their hatching.

You need not be bothered by blood-sucking bed bugs if you spray Preventol over the mattress and bedstead. Spray it into the folds under the bindings, in every spot where these pests may be hiding. They cannot hide from Preventol. It gets them quickly. Get rid of flies and mosquitoes, too, by spraying Preventol. They will flee from its vapor. Keep them out by spraying screens and woodwork about doors and windows. Spray Preventol over garbage and water to kill the eggs of flies and mosquitoes. The Preventol Method of extermination is used in leading hotels, restaurants, hospitals and public institutions. You can rely on it.

Special combination Sprayer and Pint Can in handy box saves you money. \$1.20 at your dealer's. Additional re-fill cans: Pint, 50c; Quart, \$1.00; Half Gallon, \$1.75.

The Long Hot Days of Summer

The long hot days of summer are here. Small wonder that we become easily fatigued, listless, and lose interest in things.

Build up your vitality with Ferraline, nature's mineral tonic. Prepare now against the weariness that comes with summer.

FERRALINE

Not a patent medicine, but a pure mineral tonic untouched by the hands of man.

Ferraline, a health-giving tonic, containing Iron, Magnesium, Calcium, Sodium and Lithium, delicately combined by nature as it bubbles thru earth abounding in these beneficial minerals and is therefore easily assimilated by the system.

A TESTIMONIAL
"The doctors had pronounced me incurable, and I had given up hope of getting well again. Since taking several bottles of FERRALINE I am strong and well. I can truthfully say that I believe FERRALINE saved my life."
(Signed) MRS. LETHIE COLEMAN, Franklin, Ala.

SOLDIERS FIRED WITHOUT CAUSE

Coroner's Jury Asserts No Mob Attacked the North Carolina Jail—Feeling So Bitter Soldiers Are Withdrawn.

Raleigh, N. C., July 20.—Declaring that Durham machine gunners guarding three prisoners in the Alamance county jail, fired seventy-five or more shots without provocation, killing one citizen and wounding two more, Mayor R. L. Holmes, of Graham, today issued a statement insisting that "no mob" assembled in Graham on the night of July 19, and no attempt was made to enter the jail or to trespass on the grounds.

"The facts are," says Mayor Holmes, in his statement, "that at 9:30 o'clock in the evening, the lights in the jail went out and it is said by the soldiers that some unknown persons fired upon them. This fact has not been verified, but immediately, they said, upon this provocation, they opened up the machine guns. Also they fired side arms, and about seventy-five shots were fired in all directions of the town, killing one man by the name of James Ray and wounding Willie Phillips. Upon investigation today by Solicitor Gattis, the fact seems to be that there was no provocation whatever for this rash act."

At the coroner's inquest in Graham today, a dozen citizens of the town, according to reliable reports from that town, testified that no attack was made upon the jail. A rigid grand jury investigation of the shooting will be demanded. The three negro prisoners arrested in connection with the assault upon a prominent white woman of Graham Saturday night, are now lodged in death row at the state prison, having been brought here this morning on a special train, accompanied by county guards.

George Troxler, one of the three, declared today that he slept through the entire period of firing at the Graham jail last night, and knew of it only through hearsay. Arthur Lee and Arthur Vesaley, the other two, confessed to a night of trepidation and much praying. Bitter Against Soldiers.

Durham, N. C., July 20.—James Ray, the man who was killed Monday night during a three-minute battle between a masked mob and the Durham machine-gun company guarding three negro prisoners in the Alamance county jail at Graham, came to his death by a shot fired by the machine-gun company without provocation, was the finding of the coroner's jury which this morning held an inquest over Ray's body, according to reports reaching Durham.

The verdict of the coroner's jury and the popularity of Ray has engendered bitter feeling in Graham against the local machine gun company, prominent citizens of Alamance county said over the telephone tonight.

Captain Marion B. Fowler and his machine gunners returned home this morning after having safely deposited the three negro prisoners held in connection with an assault made on a prominent Alamance.

Several uses have been found for an electric hair brush that has wibrations and a magneto in the back to supply current.

The step taken today follows the appointment of a committee on July 8 to investigate the situation and render a report. It is proposed to operate boats between New Orleans and Memphis, and St. Louis and Memphis, the Memphis-St. Louis division to be first placed in operation.

The committee's report today stated that "failure to use the Mississippi river has brought this disaster upon us, and our only hope for relief lies in resumption of its use."

Several uses have been found for an electric hair brush that has wibrations and a magneto in the back to supply current.

For interior uses of many kinds, Tiles supply a service that nothing else can give. Any color effect desired may be had with Tiles.

Ask for booklets about Tiles for fireplaces, bath-rooms, kitchens, etc. Consult us about any kind of Tile work.

Spent your Vacation in CANADA

No summer tourist territory has so many "repeaters" as Canada—especially the Highlands of Ontario north of Toronto, viz—Muskoka Lake, Lake of Bays, Timagami, Algonquin Provincial Park, Kawartha Lakes, French River, Nipissing and Georgian Bay—make an impression which memory delights to recall. Then further east are the St. Lawrence River, Ottawa, Montreal, Quebec, the Maritime Provinces, White Mountains and Sea-Coast Resorts.

Canada's Supremacy

is based on many reasons: countless islands, a net work of lakes and magnificent streams, unspoiled forests, fragrant air, cool climate, (no fever) long balmy days, lingering twilight, Government Parks, round trip summer fares and a complete system of hotels, cottages, camps, golf courses—in fine

Everything a Summer Tourist Desires

Visitors go to Canada via the double track tourist route, the Grand Trunk, which has issued comprehensive, illustrated guide books with maps. These will be sent to you FREE by addressing

Valentine Wins Third Big Purse

Kalamazoo, Mich., July 20.—For the third consecutive time, in as many weeks, Charlie Valentine piloted Red Lancelot to victory over the stakes pacers. He was winner this afternoon in the 2:09 Park American event, taking the first and third heats, but losing the second to Symbol S. Forest. It was the first heat in which the Valentine mount has failed to finish in front.

Pop Geers had a good day, winning two events handily. He upset the talent by taking the 2:16 trot in straight heats with Herbelyn, thereby defeating Norman, Dillon, the favorite. He also won the 2:08 trot with Peter June.

The 2:07 pace was won by Princess May, driven by Fleming. She finished sixth in the first heat and then came along and took the next two. The crowd was a big one for the opening day, and the track fast.

Summaries:

2:16 Trot—Three heats, purse \$1,000: Herbelyn, b. h., by Manlio (Geers), 1, 1, 1; Red Russell (Murphy), 2, 2, 2; Donnie Day (McDonald), 3, 3, 3.

2:09 Park American, 2:09, 2:08, 2:07, 2:06, 2:05, 2:04, 2:03, 2:02, 2:01, 2:00, 1:59, 1:58, 1:57, 1:56, 1:55, 1:54, 1:53, 1:52, 1:51, 1:50, 1:49, 1:48, 1:47, 1:46, 1:45, 1:44, 1:43, 1:42, 1:41, 1:40, 1:39, 1:38, 1:37, 1:36, 1:35, 1:34, 1:33, 1:32, 1:31, 1:30, 1:29, 1:28, 1:27, 1:26, 1:25, 1:24, 1:23, 1:22, 1:21, 1:20, 1:19, 1:18, 1:17, 1:16, 1:15, 1:14, 1:13, 1:12, 1:11, 1:10, 1:09, 1:08, 1:07, 1:06, 1:05, 1:04, 1:03, 1:02, 1:01, 1:00, 0:59, 0:58, 0:57, 0:56, 0:55, 0:54, 0:53, 0:52, 0:51, 0:50, 0:49, 0:48, 0:47, 0:46, 0:45, 0:44, 0:43, 0:42, 0:41, 0:40, 0:39, 0:38, 0:37, 0:36, 0:35, 0:34, 0:33, 0:32, 0:31, 0:30, 0:29, 0:28, 0:27, 0:26, 0:25, 0:24, 0:23, 0:22, 0:21, 0:20, 0:19, 0:18, 0:17, 0:16, 0:15, 0:14, 0:13, 0:12, 0:11, 0:10, 0:09, 0:08, 0:07, 0:06, 0:05, 0:04, 0:03, 0:02, 0:01.

LINDSEY'S SLAYER
PLACED ON TRIAL

Anniston, Ala., July 20.—(Special.) The preliminary trial of Lemuel Keith, 18-year-old negro slayer of Foreman W. T. Lindsey at the Wood-

stock furnaces last Wednesday, was started this afternoon in the inferior court before Judge E. D. Willett. Four negro laborers at the furnaces, and several white men who witnessed the killing of Lindsey, were witnesses against Keith, who was held for trial without bail.

Key's record in speeches delivered Tuesday night at 2 meetings—the first at an enthusiastic rally of approximately 150 citizens of the first ward at the Walker Street school, and the second to members of the Amalgamated Association of Street and Electric Railway Employees of America in their hall on Central avenue.

He scored the mayor for adding more than a million dollars of additional tax levies on the people in 1919 and 1920 without spending a dollar of it for the improvement of schools, streets, sewers or parks. He charged him with having done nothing toward improving the high school conditions of Atlanta when the buildings housing these schools are veritable firetraps, and he was particularly sharp in his criticism of the mayor for "his failure and neglect to encourage co-operation among the departments of the city and the chairman of his council committees, greatly to the detriment and loss of the people of the city."

The truth of the matter is Mr.

Key is now Atlanta's "ceremonial" mayor, waiting for the adoption of the new charter which he charges would create such an office. Mr. Goodhart said that with reference to the charter Mr. Key has acknowledged that he is for revision and the only difference between him and the mayor on the subject is that he has promised to let the people vote on this question when he is elected mayor, while Mr. Key said his political ring have practically proclaimed that the people are not to be trusted and have vowed to let them vote their convictions.

The speaker used emphasis in his charge that Mayor Key's administration has failed the people of Atlanta who expected to see results from the expenditure of their money in regular and emergency tax levies into the coffers of the city treasury, and told his hearers that he believed the taxpaying population is getting tired of feeding money into the municipal treasury without getting some substantial benefit in return.

Speaking of the deplorable school conditions he promised, if elected, to pitch right into the situation the very day he is inaugurated into office and push it vigorously until some remedy is applied.

In his criticism of the mayor's failure to foster co-operation between the different departments Mr. Goodhart said, "I charge that the mayor has failed and neglected to foster and encourage co-operation among the departments of Atlanta and among the chairman of his council committees, greatly to the detriment and loss of the people of this city. I am chairman of one of the most important of these committees, that on sewers, and I have never once been called into conference by Mr. Key. We have running through several of our residential sections open sewers which are a menace to the health and lives of our citizens. My committee has

made every possible effort to obtain money with which to remedy these conditions, but I have never yet had one word of encouragement or support from Mayor Key before the finance committee.

It is the same when it comes to our street and park conditions, but Mr. Key does nothing except sit in his office and, perhaps, receive occasional delegations."

Will Speak Tonight. Mr. Goodhart was introduced by H. S. Baker and was followed in a short spirited talk by Attorney Hugh Howell.

Tonight Mr. Goodhart is scheduled to speak at two meetings—the first at 7:30 o'clock in the sixth ward at Marietta and Alexander streets and the second at 8 o'clock in the ninth ward at Moreland and Euclid avenues.

Mr. Goodhart's candidacy for mayor was endorsed by the Atlanta League of Women Voters at a special meeting held in the chamber of commerce Tuesday morning to consider the mayoralty race.

There were nearly two hundred women at the meeting and Mrs. James McFadden presided. The motion to endorse Mr. Goodhart was made by Mrs. A. L. Helmer, of the tenth ward.

REDUCTION MADE
FOR VEGETABLES
AT CURB MARKET

A reduction in the already low prices was the feature of the sales at the curb market Tuesday, according to the market governing committee. Although the inclement weather continued all day long the farmers were on hand with plenty of produce and the sales continued briskly until noon. The market will be open again Thursday morning. Home grown tomatoes were selling for 15 cents a pound; a large quantity of butterbeans was sold at 10 to 12 1/2 cents a quart; the retail stores charging from 15 cents to 20 cents a quart for them; corn, which retails at 75 cents to \$1 a dozen, sold for 58 cents a dozen; onions went for 8 cents a pound, and squashes were sold at 6 cents a pound.

Lodge Notice

A regular communication of the Georgia Lodge No. 207, F. & A. M., will be held on Wednesday evening at 7:30 o'clock. The subject of the evening will be "The Master Mason's Degree will be conferred. Failing brethren cordially invited to attend."

Funeral Notices
BUTLER—The friends of Mrs. Lucy Matilda Butler, wife of Mr. H. V. Butler, who died at her home, 1110 Peachtree St. N. E., on Tuesday, July 20, 1920, at 10:30 o'clock, are invited to attend the funeral of Mrs. Lucy Matilda Butler, today, Wednesday, July 21, 1920, at 10 o'clock, from the residence, Georgia avenue, Hapeville, Ga. Pallbearers selected will please meet at the home. Interment at Bethesda church. Barclay & Brandon Co., funeral directors.

The Store of Dependability

We are designers and producers of distinctive diamond and platinum jewelry.

This class of work is entirely the product of our own shop, being fashioned by our own artists and craftsmen.

Women of Atlanta and the entire South are much gratified at finding a place where they may have their old jewelry remodeled in the most approved way.

That is why this is the store of dependability.

Business Income Property
Combines Good Rent Income With Future Enhanced Value

A substantial two-story brick building situated on northwest corner of Edgewood Avenue and Boulevard; lot is 53x28; building is divided into three stores. Present rentals are as follows:

No. 300 (corner drug store) rents for \$80—leased to September, 1922.
No. 308 (grocery store) rents for \$50—leased to September, 1922.
No. 306 (bakery) rents for \$90—leased to 1923 with renewal privilege.
No. 302 (apartment) rents estimated \$75.
Total monthly rent is \$275; annual income \$3,300. This building nets above taxes, insurance, upkeep, more than \$2,800 per year, and at expiration of lease will bring a much larger income. The price is \$35,000. It is now paying over 4 per cent net and after 1922 will likely net 12 per cent on account of development of that section caused by White Motor Co. plant one block away. The building itself is of the best construction and is in first-class condition. We commend this investment to anyone seeking absolute security, good value and assured enhancement.

Would You Swap
\$30.00 for \$45.00?
(Asks Bob)

Well, that's just what you would be doing at my store if you came here to buy a 3-piece Suit of Clothes—and extra good value, too, at the regular price.

Thirty "bucks" is all you'd be asked to pay for it. And there's no inflated—no "marked up" value, either.

It's just like this: I've got a number of Suits, sizes from 33 to 44—good, all-wool, three-piece Suits—dandy patterns, best of workmanship—I'm tired of handling them so much. I have other goods coming in daily, so I

Need Their Room—
They've got to go. The values are in them. But if I can just break even—not make a cent nor lose a cent on them—I will be satisfied. You can have them at manufacturers' cost.

Many of these Suits are nice, light weight, some are medium, and in a few weeks you can begin the fall wearing in comfort with them.

Look How These Prices Run:
\$32.50 Suits for...\$21.67 \$40.00 Suits for...\$26.67
\$35.00 Suits for...\$23.34 \$45.00 Suits for...\$30.00
\$37.50 Suits for...\$25.00 \$50.00 Suits for...\$33.34
\$55.00 Suits for...\$36.67
